## About RHU

It was established in 1999, Rafik Hariri University (RHU) is a vibrant academic community where knowledge sparks innovation, and ambition drives impact locally, regionally, and globally. Academic excellence lies at the heart of RHU's mission. The University is home to ABET-accredited Engineering & Computer Science programs, & its College of Business Administration programs are the 1st in Lebanon to achieve full ACBSP accreditation. RHU's award-winning Graphic Design program continues to be a celebrated source of creativity and inspiration.

RHU's forward-looking curriculum integrates the World Economic Forum's top 10 skill sets, combines academic degrees with professional certifications, and also embeds artificial intelligence and experiential learning across all programs to ensure industry-ready graduates. Supported by a world-class faculty of scholars from leading global universities, RHU empowers students to innovate & lead. Ranked 36th worldwide for student innovation by the World University Rankings for Innovation (WURI), RHU stands as a model of excellence and affordable quality education in Lebanon and beyond.

World Championship

This year, the Adobe World Championship will take place at Anaheim, California. As a National Champion, you will have the honor to represent Lebanon at the Adobe World Championship, compete with Champions from around the World & make Friendships that will last forever.
