

About the Challenge

The Lebanese Youth Entrepreneurship Challenge (LYEC), powered by ITLS and part of the global NFTE World Challenge, sparks creativity and empowers **students between 15 and 22**, to design solutions for real community challenges. Through hands-on learning, students build the skills and confidence to own their future.

World Youth Entrepreneurship Challenge – New York, Nov. 2026

A global celebration of youth-led innovation, WYEC brings together top entrepreneurs from NFTE's international partner network.

Over three exciting days, participants engage in coaching, networking, and cultural exchange, culminating in a public showcase and global pitch competition.

Partners of Success

ITLS empowers individuals & organizations with a full range of education, certification, IT solutions, and cybersecurity services. ITLS's deep understanding of the digital landscape drives its commitment to helping clients excel in an interconnected and complex world.

The **NFTE** community is diverse. Business and community leaders, academics, and entrepreneurs serve on our boards. Our staff includes experienced educators, curriculum designers, program managers, and workforce development experts. Our supporters range from individual donors and philanthropic foundations to global corporations.

*Celebrating Talents,
Creating Champions*
