ℹ️ About the Fair

The National Coding Fair 2026 is a celebration of innovation, creativity, and problem-solving.

This year's edition features two exciting challenges: Do Your :Bit Challenge, which is powered by Micro:Bit, and Minecraft Challenge, which is powered by Microsoft Minecraft Education

Together, these challenges empower students to combine technology with imagination and contribute solutions that make Lebanon a better, more sustainable place.

🎮 Do Your :Bit Challenge

Do Your :Bit is a global micro:bit challenge for students aged 8–18. It invites young innovators to blend their creativity and technology to design solutions for the United Nations Global Goals.

This year, participants will focus on:

| 9 INDUSTRY, INNOVATION AND INFRASTRUCTURE | 11 SUSTAINABLE CITIES AND COMMUNITIES |

▦ Categories

- 8 – 14 Years | No Code
- 8 – 14 Years | With Code
- 14 – 18 Years | With Code

(Teams: 1–3 students)

No Code: Students submit project ideas in the ideation phase.
With Code: Projects that integrate the Micro:Bit with emphasis on programming.

📅 Important Dates

Dec 15, 2025
Project idea submission deadline
Jan 15, 2026
Announcement of selected projects
(50 per category)
March 14, 2026
National Coding Fair (finals)

🎖️ Awards

- Medal of Participation for all students
- Trophy + Place Medals for

Top 3 winners in each category

🌱 Participation Fees

40$/Team
(includes breakfast and snacks)
